Children are best suited for this class if they can listen to a 10 minute safety lesson and are able to sit for the allotted time. No make-up classes are available for parks and recreation programs. One make-up is offered for classes registered through Cheryl Cohen Mosaics if an appropriate class is available during the same session.

Afterschool Classes all classes are mixed levels

Ongoing Children's Thursdays!

Who: 8 and up

When: Ongoing Thursdays, including summer

Time: 4:15-5:30

Fee: \$25 (includes materials fee), or \$120 for a 5 class pack (contact Cheryl directly if you are interested in 5-pack)

In this small class your child will explore mosaics! Beginners will start with a coaster and smashed plate picture frame learning to cut, glue and grout the glass, and then move on to choose their projects from the multitude of supplies in the studio.

Children can come for one class to try it out (most but not all children finish cutting and gluing their project in the first session, if not they will be given supplies to finish at home). The glue needs 24 hours to dry so all children are given the choice to finish their piece with sand or take grout home to finish. Just email cheryl@cherylcohenmosaics.com to find out if there is space in the class.

Mosaic Saturday/Sunday (great for parent/child or if you can't make it during the week)!

Date: Sun-Sept 17, Sat-Oct 14, Sat-Nov 11, Sat-Dec 2

Time: 10-12:30

Fee: \$42, ask special family rates for three or more

Ages: 8 and up

Come try something new! All classes are great for the "I'm not creatives," as well as those experienced in the arts. Cheryl walks you through the process and make it easy!

Come and make a coaster/decoration, light switch cover, or up to two pendants and learn to use the mosaic wheeled cutters to shape glass pieces. Most complete their project in one session and grout will be given to you to finish at home, or you can sign up for another class, four or 10 pack, to complete your project. For those who work at a slower pace, supplies will be provided to complete your project at home.

If you have another thought, talk with Cheryl as there is some flexibility. Just be sure to register to make sure there is room in the class.
