Hope everyone out there healthy, safe and masked!

I saw this on Facebook, a do-it-yourself mask made by Kurt Zuelsdorf of Gulfport, Florida. Should we be decorating our masks in our free time?

We are now living a "Zoom enhanced" world! In the past three weeks I've been to virtual birthday parties, network meetings, a Passover seder and even a virtual bris.

My studio is obviously quiet, but I've been enjoying my online classes, and still continue to be excited by everyone's creativity and flexibility! I just put kits outside the back door of my studio building on certain days and students registered for classes pick them up. It's worked out well!

Online Classes/Videos

Click [here](#) to view my first free online paper mosaic class for kids, ages 5 and up. I'm going to be coming out with a new activity video every Friday.

Beginner Classes/Videos

This is a piece by [Solange Piffer](#), who is the inspiration for the online class I am having with experienced students!

Here are some of the flowers that I made out of plates, bowls, cups, mugs and more using her technique!

So far, I've had two online flower classes. The first class was on how to make them with a pattern (below), and the second was how to create flowers with putty, which is a more freestyle approach (like the blue willow pattern one with the yellow center at the top of the newsletter).

I made this....

Are you interested in a beginner mosaic class for adults and children, ages 8 and up with an instructional video?

The video, kit (to make one coaster), and supplies (without cutters) would be \$50 and \$65 with cutters. You also have the option of renting cutters (\$8, with \$12 returnable deposit).

The kits would be available for pick-up at my studio, or could be mailed for an additional fee.

Let me know if you would be interested!

Goodies from my Facebook Page

I post many different types of art, woodwork, assemblage, recycled materials, painting, sculpture, class offerings and more- anything that I find amazing.

out of this.....

My mother-in-law gave me this vase when she was moving. I loved the colors and knew it would be perfect for something someday!

Zoom Online Classes/Videos

Experienced students can jump into the ongoing weekly class (Thursdays 12:00) that has been going on. After flowers we are going to create garden globes.
